EUSA PRESIDENT'S ADDRESS

Dear Friends,

My warmest welcome to all participants of the European Universities Championships 2023.

The European Universities Championships, as previous editions have proved, are a wonderful occasion to be together and experience the beauty of university sport.

I am pleased that a great number of students and officials, sharing their love for sport, respecting Fair Play, competing in truly university sport spirit will meet in many cities across the Europe.

During such events we do more than just sport – we broaden our horizons, get to know other cultures, we promote a healthy society, we stand on the side of peace, respecting and celebrating diversity.

Being the Organizer of the Championship is challenging but at the end rewarding as well.

I want to express my appreciation to the Organizing Committees, its Partners and the volunteers who give their crucial contribution to the success of the event. My gratitude extends to the National, Regional and Local Authorities for their auspices of this event.

I believe that the European Universities Championships will bring the participants unforgettable experiences and lots of personal achievements. I hope all of you will enjoy your time, and life-long friendships between European Students will be legacy of all the events.

With wishes of good luck, I welcome you on behalf of EUSA to the European Universities Championships 2023!

Adam Roczek

President of the European University Sports Association (EUSA)

EUSA ROWING TD'S ADDRESS

Dear Friends,

First of all, I would like to welcome you to Bydgoszcz on the occasion of the Rowing European Universities Championship.

Rowing has an important Olympic history, and rowing is a very specific university sport and enjoys a prominent place within the EUSA. As you know, the dual sports and academic project is its most important priority.

This year, we are very happy and proud to welcome you on the banks of the Brda. This dedicated rowing course has seen a lot of great Polish Champions. Bydgoszcz is an important stronghold of Polish rowing and its universities have always been present at the previous European University Championships.

There is no coincidence that AZS Poland is one of the most powerful federations within the EUSA, in participations and in number of organizations, as well. So no doubt that Bydgoszcz 2023 will be a great success.

Dear students, Szanowni Państwo, I wish you the greatest possible sporting success and above all to spend memorable moments here in Bydgoszcz.

Good luck to everyone.

Lionel GIRARD EUSA Rowing TD

ORGANIZING COMMITTEE PRESIDENT'S ADDRESS

Dear Friends

On behalf of the Organizing Committee of the Bydgoszcz 2023 European Universities Rowing Championship, I warmly welcome you all to hospitable Bydgoszcz. We are honored that you have accepted our invitation to participate in this prestigious event.

It is also a great honor for us to be the host of this championship – a sporting event that is without any doubt an important academic rowing celebration. It is a tremendous satisfaction that we meet in Poland in Bydgoszcz. A city that has raised many rowing Olympians, world and European champions. The city of many excellent rowing clubs.

The Organizing Committee will do everything to ensure that this event is organized at the highest level, both in terms of sports and coordination.

Sports rivalry is ahead of you. Time to fulfill your sports dreams and assumptions. I wish you all the best results, good sports atmosphere and fair play behavior. I hope that the time spent at EUSA Rowing will leave many pleasant and unforgettable impressions.
